**Performance Monitoring:** The next Performance Monitoring data cut-off date of June 30, 2010 is approaching. Any data received on or before June 30, 2010 will be included in the upcoming Performance Monitoring. Data received after June 30, 2010 will be considered late. It is important to remember that data timeliness will be evaluated by assessing two components: The rate of CRF submitted and the rate of survival follow-up. To avoid penalties, each evaluable ECOG institution must have a score of 90% or better on each component.

If you have an ECOG related question please contact Joshua Schoppe.

**NSABP Update:**

If you have an NSABP related question please contact Vicki Squire at [vicki.squire@jeffersonhospital.org](mailto:vicki.squire@jeffersonhospital.org) or at 215-503-5641.
